

2017-18 FULL SEASON CLASS

Check The requirements for each level below to see which Grades have pre-requisites in each level. **Mastery of skill takes time, repetition and effort.** Even with the exact same training, No two children will progress at the exact same speed. Unlike school, dance students do not go “up a grade” every season **It is common for Students to remain in the same level for more than 1 season**, (especially if they were the youngest in the age range the previous year) Levels appropriate for beginners of all ages are listed with each level. Dancers who have taken 2 or more season off are considered beginners.
